WARD CONVICTED.

Guilty of Grand Larceny With a Sentence
of Ten Years.New York, October 29.—At the conclusion of the
trial in the case of the late Senator, General
Ward, of counsel for the defense, renewed his de-
mand that the counsel for the State-elect on which
charges the indictment they would ask a conviction.
The District Attorney asked the second and third
charges on which they would stand.
The evidence, he said, did not show that Ward ob-
tained possession of the check on which the in-
dictment was based. The motion was denied.
The case, then, summed up for the defense,
laying particular stress on the fact that the chief
witness for the prosecution, Fred Ward, was a convict.
Colored fellows, is summing up for the State, re-
ferred particularly to the fact that Ward was a
convict at the time of the trial. At 5:30, Judge Barrett
delivered his charge to the jury. The whole case
he said, rested on the question whether Ward ob-
tained possession of the check for \$71,800.
The jury returned at 7:15 and remained in con-
sultation until 8:15, when they returned to the court-
room, and that of Jas. Fish, read to them. At 2:45
the jury returned the verdict, guilty of grand larceny
in the first degree, ten years in the penitentiary.
Ward was visibly affected but told the Court
he had nothing to say, and adjourned was ap-
pointed to Saturday morning. The case will be
continued to the first three terms respectively.The crime

WILEMAN'S WICKED WIFE.

A Well-to-do Farmer Poisoned by His Wife
for Another's Sake.By Telegraph to the Post-Dispatch.
RANOLPH, N. Y., October 29.—Mrs. Mary Wile-
man of South Valley, fifteen miles from the rail-
road, has been arrested and taken to Steamburg,
near this place, on the charge of murder, the victim
being her husband, Edwin Wileman. The alleged
crime was committed on September 17, but owing
to the ignorance of the doctor it was not brought
to light until early this week. Last spring Edwin
Wileman made an arrangement with Wellington
Staples, a single man, by which the latter was to
run his farm. Wileman's family were to remain on
the farm and board Staples during the summer. It
was noticed that the boarder was around the house
a great deal. Finally the husband began to sus-
pect something wrong, and about three weeks be-
fore his death he purchased Staples' interest in the
cross and sent him away. It is now alleged that
that did not break up the intimacy between
Staples and Mrs. Wileman, and that the guilty
couple were still together.September 17, Mrs. Wileman did some baking and
made a small pumpkin pie, which she gave her
husband with the lunch, telling him he could
have it all, as she was sick and did not feel like
eating. She then went out to split some wood
and was soon taken with violent cramps in
the stomach, followed by vomiting. Mrs. Wile-
man, who was a neighbor, called, and found her
husband lying on the floor, and asked her to send
for a doctor. The doctor pronounced the case one of
poisoning, and he said that if he could not find the
poison he would not be able to save him. He said

A Brief Managerial Career.

Gregory's Museum, on Broadway, between Market and Walnut streets, was opened October 14 by J. H. Robbins with a flourish of announcements and a big list of attractions. The museum was closed the week after the opening, and a large sign announced that it was closed for repairs. Mrs. Goode was wounded in the neck and Miss Walter received a bullet in the side of her head. They are both in a critical condition. An immense crowd gathered on Monroe street from Lechelle to Clark, and Burns would have been lynched to a lamp-post, but the police hustled him through an alley to the nearest station.
